14 MAY 1957

: Chief of Station, []

: []

- Administrative
- Billating, General Status Report

REFERENCE - [] dated 22 April 1957

1. Referenced dispatch was received in Headquarters and read with considerable interest. As a direct reply to the question posed by [] in paragraph 8 of reference, Headquarters would greatly appreciate periodic reports of this nature, as well as any other reports touching upon administrative matters. 25X1

2. While the suggestion that Messrs. [] of JTAC, be commended by either Headquarters of [] is appreciated, it is our opinion that we cannot effectively do so at this time without running the risk of establishing a connection between JTAC and either [] or Project Headquarters that would be undesirable. [] intends to mention this matter to the Iden who is replacing the present Commanding Officer of JTAC during the former's briefing in Headquarters scheduled for 8 May 1957. 25X1 25X1 25X1 25X1
